SAVE THE DATE

Developing ideas. **Delivering solutions.**™

We invite you to the upcoming Ingredion Stockton Plant Open House. You can expect a very informative and personal tour of our facilities and operations.

We turn corn, tapioca, potatoes, strawberries and other crops into ingredients that make crackers crunchy, candy sweet, yogurt creamy, lotions and creams silky, plastics biodegradable and tissues softer and stronger. And our innovative ingredient solutions help customers stay on trend with simple ingredients and gluten-free or high-fiber foods that appeal to today's consumers.

Grounded in our values of Safety, Quality, Integrity, Respect, Excellence and Innovation we invite you to come in and see personally the diverse sectors in which we can operate, including food, beverage, animal nutrition, paper, brewing and other industries.

We look forward to your attendance, please reach out to me if you have any questions leading up to the event.

Best regards,

Bob Zakskorn
